India the new BHARATH

India is currently in the spotlight due to its recent achievements. The success of Chandrayaan-3, the successful launch of Aditya L-1, and India's prominent role at the G-20 Summit have positioned it as a global leader.

India has gone through a significant transformation in recent decades. It used to be a country dealing with many challenges after its colonial past, but now it has become a global power with great economic, political, and strategic importance. This has created many opportunities and challenges.

The rich legacy of "Bharat" has been inspiring countless generations and has become an integral part of India's cultural and linguistic identity. Bharat holds immense untapped potential.

In the words of our Prime Minister Narendra Modi, "When we set our mind to a task, we get it done. This has been our track record. This is a new India full of self-confidence...Ye Bharat na rukta hai, na thakta hai, na haanfta hai aur na hi haarta hai (India of today doesn't stop, tire, gasp or give up)."

From The Head-Mistress's Desk

Vanishree Deshpande

Nestled in the heart of Bengaluru city, VVS Sardar Patel High School is an exceptional educational institution that has been molding the intellectual and personal growth of students for generations. With a rich history of excellence, our school is dedicated to providing a nurturing and all-inclusive learning environment that encourages creativity, critical thinking, and lifelong learning. From our exceptional faculty, we strive to provide our students with the very best in education, preparing them for success in their future endeavors.

The school has been providing exceptional learning experiences to students since it was founded in 1975. The institution's commitment to academic excellence is reflected in the achievements of its notable alumni who have become pioneers in various fields.

We emphasize extracurricular activities alongside academics to help students develop holistically. Our school offers a diverse range of clubs, sports teams, art and literary programs, public speaking initiatives, and skill advancement programs to foster creativity, leadership, and responsibility in our students..

The 2023-24 academic year has had an outstanding start. I want to acknowledge the hard work and dedication of section C's ninth-grade students, led by teacher Smt. Vimala. They successfully published the school newsletter for the first term. Their efforts are commendable and highly valued.

Together, we can create an inclusive learning environment that prepares students for academic and personal success, empowering them to contribute meaningfully to the world.

♀ 'Nari Shakti Vandan Adhiniyam'

Arya Bhat, Varsha

Women constitute half of the world's population, and their empowerment is not only a basic human right, but it is also necessary for any society's development and advancement. Women's empowerment is crucial for building a healthy society where women have equal access to education, healthcare, and job opportunities. It is often observed that men hold decision-making power, but it is equally important to give significant power to women as well. Women should have equal rights and opportunities in social, professional, and political systems. Political empowerment of women is rightly perceived as a powerful and indispensable tool for eliminating gender inequality and discrimination.

The Indian Parliament has recently enacted a momentous Women's Reservation Bill, which mandates a 33% quota for women in both the Lok Sabha and State Assemblies. This legislation has received the assent of President Droupadi Murmu, and is now a law. The passing of this bill marks a significant step towards promoting gender equality and women's empowerment in India's political arena.

EXPLORING THE SPECTRUM OF STUDENT ENGAGEMENT: DIVERSE ACTIVITIES AT OUR SCHOOL

1) PARICHAY:

Parichay is more than just a platform; it's a vibrant community that thrives on the exchange of ideas and the celebration of individuality. It's a space where every voice matters and every talent is recognized. It encourages us to step out of our comfort zones, to explore new horizons, and to express ourselves freely. It's a testament to the power of creativity and the human spirit. It's where we learn to appreciate the beauty in diversity and to find inspiration in the most unexpected places. Moreover, Parichay is a catalyst for personal growth. It challenges us to think differently, and to be bold in our pursuits. It's where we discover our strengths, work on our weaknesses, and build confidence.

In essence, Parichay is not just about showcasing talents; it's about inspiring change, fostering a sense of community, and creating a culture of positivity and respect. It's about shaping the leaders, innovators, and creators of tomorrow. It's about making a difference, one talent at a time.

2) COMPOST-MAKING:

On the occasion of Environment Day, our school initiated an engaging and eco-friendly activity of compost making. This initiative taken by your school is indeed commendable. It's not just about waste management, but it's also a lesson in responsibility, sustainability, and the importance of giving back to nature. Two large drums were placed in the school premises - one designated for the collection of WET WASTE, while the other for DRY WASTE. The students were given clear instructions to dispose of their leftover food, dry flowers, and other organic waste in the respective bins. This initiative not only promotes proper waste management but also provides a sustainable and natural source of manure for the plants and trees that are nurtured on the school grounds. This activity is not just about making compost; it's about shaping young minds to be more environmentally conscious and responsible. It's about teaching them that every small action counts and that they can make a difference. It's about nurturing a generation of eco-warriors who will lead the way towards a more sustainable and greener future.

3) MUN PROGRAMME (MODEL UNITED NATIONS):

The Model United Nations (MUN) sessions conducted by your school are an excellent platform for students to gain a deeper understanding of global issues and the complexities of international relations. These sessions go beyond just replicating the procedures of the United Nations. They provide students with a unique opportunity to step into the shoes of diplomats and engage in debates and discussions on pressing world issues. This experience broadens their worldview, enhances their understanding of diplomacy and international relations, and fosters a sense of global citizenship.

MUN sessions are a powerful tool for holistic development. They help students hone a range of skills such as public speaking, negotiation, critical thinking, and teamwork. They also encourage students to research extensively, thereby enhancing their knowledge and understanding of various topics. Participation in MUN sessions also instills a sense of responsibility in students. They learn that every decision made at an international level has far-reaching consequences, and they understand the importance of making informed and responsible choices.

MUN is not just an extracurricular activity; it's a transformative experience that equips students with the knowledge, skills, and attitudes necessary to navigate the complex world of the 21st century. It's about nurturing future leaders who are globally aware, socially responsible, and ready to make a positive impact on the world.

4) PLANT MATES

The initiative taken by your school to encourage students to plant and nurture trees is truly laudable. It's a hands-on lesson in environmental stewardship, teaching students the importance of caring for the planet. The variety of plants, from medicinal to flowering, provides a rich biodiversity within the school premises. This not only adds to the aesthetic beauty of the school but also serves as a living laboratory where students can observe and learn about different plant species. The responsibility of taking care of their own plant instills a sense of ownership and accountability in students. They learn that just like us, plants too need love, care, and the right conditions to grow and thrive. This experience often leads to a deeper appreciation for nature and an understanding of our role in preserving it. This activity is about sowing the seeds of environmental consciousness in young minds. It's also about nurturing a generation of eco-warriors who understand the value of nature and are committed to its preservation. It's about creating a greener, healthier, and more sustainable future for all.

“Photographs open doors into the past, but they also allow a look into the future.” – Sally Mann

Unleashing Creativity: A Dive into Club Activities

At our school, students have the opportunity to engage in exciting extracurricular activities during their work experience classes every Wednesday. Our diverse range of clubs offers something for everyone, from dance and music to debate and quiz. With so many options to choose from, students can explore their passions and interests outside of the classroom while making new friends and building valuable skills.

There are several clubs offered, including Science and Technology, Music, Dance, Craft, Drawing, Quiz and Debate, and The Indic Club.

SCIENCE AND TECHNOLOGY CLUB

This club is a great platform for students to explore their curiosity about the world around them. They learn about new technologies, and maybe can even invent something new!

In the club sessions, we learned about coding with the Scratch application, the basics of astronomy, Vedic Mathematics, Medical Astronomy, and Cybersecurity. This club explores science and technology with enthusiasm where students can learn about the vast topics of science and technology.

Report by: Shraddha

MUSIC CLUB

This club provides an outlet for students to express themselves creatively and emotionally. This club helps students to improve their musical skills and provides opportunities for them to perform in front of an audience.

At this club, they began by teaching the basics of music - SA, RE, GA, MA, PA. They also explored various genres of songs such as film songs, devotional songs, and bhajans. Additionally, the children were given opportunities to sing at various functions and events like Independence Day. This club is very engaging and informative, providing ample opportunities to learn more about music.

Report by: Manasvini

DANCE CLUB

The Dance Club at our school is a vibrant and dynamic group that brings together students with a passion for dance. It provides a platform for students to express themselves creatively, improve their dance skills, and explore various dance forms. The club conducts regular practice sessions where students learn and rehearse different dance routines. These sessions are not just about learning dance moves, but also about understanding rhythm, coordination, and the art of expressing emotions through dance. Various styles of dance like folk, and Bharatanatyam are explored, The club arranges performances for school events, including Independence Day, and at destinations such as temples.

The Dance Club is a place of joy, learning, and creativity. It's a place where students can let loose, have fun, and at the same time, develop a deep appreciation for the art of dance.

Report by: Rishitha

CRAFT CLUB

The Craft Club at our school is a creative hub that brings together students with a shared interest in arts and crafts. It provides a platform for students to explore their creativity, learn new skills, and express themselves through various craft projects. During the craft club sessions, the students learn how to do the running stitch, attach buttons, and create buttonholes. Additionally, they were able to make a bag from a T-Shirt. The Craft Club is a place of learning, creativity, and fun. It's a place where students can explore their artistic side, make new friends, and create beautiful art pieces that they can be proud of.

Report by: Yuktha

DRAWING CLUB

The Drawing Club at our school is a haven for budding artists and anyone with a passion for drawing. It provides a platform for students to explore their artistic talents, learn new drawing techniques, and express themselves through their artwork.

The club conducts regular sessions where students can practice their drawing skills. These sessions cover a wide range of drawing styles and techniques, from sketching and shading to perspective drawing and still life. The club is more than just a place to draw; it's a community of creative minds who learn from each other, inspire each other, and grow together as artists. It's a place where creativity is celebrated, and every stroke of the pencil tells a story.

Report by: Savyasachi

QUIZ AND DEBATE CLUB

The Quiz and Debate Club at our school is a dynamic and intellectually stimulating platform that fosters critical thinking and effective communication among students. The club conducts regular sessions where students engage in lively debates and JAM sessions. These debates not only enhance students' knowledge but also improve their public speaking, argumentation, and rebuttal skills. It also challenges students' general knowledge and quick-thinking abilities.

The club also participates in inter-school debate and quiz competitions, providing students with an opportunity to interact with peers from other schools, learn from them, and showcase their debating and quizzing prowess. This club is a place where curiosity is encouraged, knowledge is shared, and intellectual growth is nurtured. It's a place where students learn to voice their opinions confidently, respect differing viewpoints, and develop a lifelong love for learning.

Report by: Sanvi V Arood

THE INDIC CLUB

The Indic Club at our school is a unique platform that celebrates the rich cultural heritage of India. It provides students with an opportunity to explore and appreciate the diverse traditions, arts, literature, and philosophies of India. The club conducts regular sessions where students engage in activities related to Indian culture. These activities range from learning about Indian mythology and folklore to exploring and understanding the philosophies of ancient Indian scriptures.

The club also participates in cultural festivals and competitions, providing students with an opportunity to showcase their knowledge and skills, and to celebrate India's cultural diversity.

Campus Chronicles: A Glimpse into School Activities

INTERNATIONAL YOGA DAY

On the 21st of June 2023, our school celebrated International Yoga Day. The event was graced by two eminent personalities – Shri Yogacharya Mukund Rao and Shri Gurudappa. The entire school participated in pranayama and meditation. Additionally, a group of 60 students performed various asanas such as Taadasana, Trikonasana, and more. The highlight of the celebration was a beautiful formation depicting 12 poses of Suryanamaskara and Lord Krishna's Githopadesha. It was a captivating sight and a wonderful experience for everyone involved.

GURU POORNIMA

The auspicious event of Guru Poornima was celebrated in our school on July 3rd, 2023. Smt. V.B. Arathi, the founder of Vibhu Academy, was the chief guest of the day. On this special occasion, the Shikshavalli Mantra of Krishna Yajurveda was recited. Namitha S. Naik from class X "D" shared the importance of Guru Poornima and talked about the life of Maharshi Vedavyas in Sanskrit. Everyone in the hall recited Gurvedakam by Adi Shankaracharya and sought blessings from God. Havyas. S.P. from class X "A" sang a melodious song called "Guruvina Gulama". After the performance, our headmistress, Smt. Vanishree Deshpande honored the Chief Guest and Smt. Arathi addressed the gathering with her inspiring words. The students of the Indic Club performed a beautiful skit about Upamanyu, followed by the recitation of the Aikya Mantram by the students of class IX "D". The entire program was streamed live on the school's official YouTube channel.

CELEBRATING SUCCESS: A FELICITATION CEREMONY FOR ACHIEVERS

An inspiring event was held in our school, Vidhya Vardhaka Sangha Sardar Patel High School, on July 23rd, 2023, to felicitate students who had passed with flying colors. The event was organized for the current 10th graders, and it began with a beautiful song sung by Shri Shrinivasa sir. The gathering was later addressed by our beloved headmistress. Sameeksha Kulkarni, one of the awardees, shared her impressions on behalf of her friends. The chief guest of the day, Smt Kshama Naragund Banavathy, then addressed the gathering, followed by the Presidential address by the Honourable Vice-Chairperson of Vidhyavardhaka Sangha, Smt Lakshminarasu Madam. The most awaited event of the day, the felicitation ceremony, began shortly after. All the students who had secured 606 and above were felicitated, which was a proud moment for both the awardees and their parents.

INDEPENDENCE DAY

The school celebrated the Independence Day with great enthusiasm on August 15th, 2023. The day began with the National flag being hoisted on the school grounds, which marked the beginning of the celebration. The school had the honor of having Shri P.M. Rao, a renowned personality, and Mrs. Pramitha Adoni as chief guests for the day. Shri P.M. Rao gave an inspiring and motivational speech to the students and teachers, which was followed by the charming performances of the lower and higher primary students. The students' performances were truly remarkable, and they showcased their talent in various cultural activities. The high schoolers then took the stage and put on an elegant and mesmerizing performance. They depicted various dance forms of India and sang patriotic songs in praise of our motherland. The students' performances were highly appreciated by the audience and were a true delight to watch. The grand finale of the event was the sensational performance of VVS PU College. The students' performance was truly a feast for the eyes, and it left the audience spellbound. Overall, the Independence Day celebration was a grand success, and everyone thoroughly enjoyed the event.

ATL VISIT

Our school organized an ATL trip to the tinkering labs at Delhi Public School. The trip was exclusively for the students of 9th and 10th standards who were interested in tinkering. When we reached the Delhi Public School, the ATL in-charge teacher guided us to the tinkering labs and gave us an introduction to the topic of "Tinkering". She explained the meaning and basics of tinkering and then took us on a tour of the lab. The lab was divided into sections – the Learning section, the Working section, and the 3D Printing section. Two student mentors were also introduced to us who assisted and guided us in making circuits, which were the main concepts in tinkering. The students worked with various materials like LED bulbs, Breadboards, etc. required for building circuits. The mentors also showed us how to create circuits on a website called www.tinkercad.com using laptops. The students found building circuits and exploring the website to be quite enjoyable.

TEACHER'S DAY

Our school celebrated Teacher's Day on September 7th, 2023. The 10th-grade students organized the event thoughtfully, making it even more memorable. The event began with an invocation song and a heartfelt speech that emphasized the invaluable role of teachers in shaping young minds. The students presented each teacher with a greeting card and chocolates as a touching gesture of appreciation. The celebration was further enlivened by a captivating group singing performance and a group dance that beautifully portrayed the pivotal role of a teacher in a student's life. A graceful solo dance added to the day's cultural showcase. Our Headmistress and Shri B Shrinivas Rao were recognized for their 25 years of service and contribution to the school.

The program concluded with a vote of thanks, leaving us all with a deeper appreciation for our teachers and the profound impact they have on our lives. The event was well-received by the students, serving as a poignant reminder of the significance of a teacher in our lives.

Joyful Journeys: Exploring Fun Facts.

Did you know!

When acacia trees are in danger, they warn other surrounding acacia trees. When a giraffe starts chewing acacia leaves, the tree notices the injury and emits a distress signal in the form of ethylene gas. Upon detecting this gas, neighboring acacias start pumping tannins into their leaves. In large enough quantities these compounds can sicken or even kill large herbivores.

The first newspaper in Indian history:

The newspaper in India was first published on 24th January 1780 by James Augustus Hicky under the British Raj. Its name was "the Bengal Gazette" or Calcutta General Advertiser, generally known as the "Hicky's Gazette". The period was portrayed by strict government control and restriction. The British Government forced severe observation on the print media. The year 1857 is known as the development year of reporting in India. This year is set apart by the division of Indian press and British press and because of the Vernacular Press Act of 1876. In 1861 the principal version of "The Times of India" was published by Robert Knight. Again in 1868, "Amrit Bazar Patrika" was begun; this newspaper fundamentally engaged with the social reformers and political pioneers and began contributing to the field of news-casting.

The Chenab Rail Bridge is an awe-inspiring feat of engineering that combines steel and concrete to create an arch bridge. This magnificent bridge is located between Bakkal and Kauri in the Reasi district of the Jammu Division of Jammu and Kashmir, India. The bridge spans the Chenab River at an incredible height of 359 meters (1,178 feet) above the river, which is a truly remarkable achievement in the field of bridge-building. In fact, the Chenab Rail Bridge is the highest bridge in the world, and it is a testament to human ingenuity and determination. The bridge was designed to withstand extreme weather conditions, such as high winds and earthquakes, and it is an essential transportation link for the people of the region. Its construction was a major engineering challenge, and it involved the use of advanced technologies and innovative techniques. Overall, the Chenab Rail Bridge is a remarkable engineering achievement that showcases the best of human creativity and perseverance.

BEYOND THE CLASSROOM: A GLIMPSE INTO CO-CURRICULAR PURSUITS

THE PENCIL SKETCH COMPETITION was held at the Golden Jubilee Hall. All of the participants showcased their exquisite sketching skills. The topics were as follows:

VII - Fruit basket, IX - Birds, X - Village scenery.

THE INTER-HOUSE DUMB CHARADES COMPETITION was conducted by our school on the 26th of July 2023. The game was filled with excitement, enjoyment, and victory.

The first place was bagged by the CHALUKYAS, The second place by the RASHTRAKUTAS, and the third place by the KADAMBAS.

THE POSTER-MAKING COMPETITION was held on 31-7-2023 in our school. On the day of the competition, the Golden Jubilee Hall was filled with students. The atmosphere was vibrant and energetic as the students prepared to demonstrate their abilities and prove themselves to their peers and instructors. The topics were.

VIII STD - Green Space

IX STD - Digital Space

X STD - Outer Space

All participants showcased their exquisite poster-making skills and created stunning posters.

THE POETRY WRITING COMPETITION was held on 4-8-2023 in our school. The interested students gathered in the SPHS Hall for a poetry competition. Participants were tasked with composing a poem based on a topic from a provided list.

VIII - My grandmother's hands OR My greatest fear OR The night time sky

IX - Ageing OR childhood memories OR The devastating cyclone

X - Reflection on the window OR Five senses OR Life in the future

By the end of the event, each participant had the chance to express a part of themselves through their poetry. They not only grew as writers but also as individuals. Their enthusiasm reflects their love for poetry and serves as a promise of the amazing works they will undoubtedly create in the future.

An event named "**TRASH INTO TREASURE**" was organized on August 11th for students in grades 8-10, providing them with an opportunity to create a valuable item using trash. The topics were as follows:

Std. 8: Kitchen Waste

Std. 9: Plastic Waste

Std. 10: E-Waste

It was a delight to witness numerous students enthusiastically engage in the activity, pouring their creativity into crafting exceptional treasures.

THE INTERHOUSE DEBATE COMPETITION took place in our school library on August 22, 2023. There were four participants from each house. The topics for the competition were as follows

Impact of Social media on society

The Future of work and how technology will impact the job market.

During the event, two individuals were selected from each house to form a team, to deliver speeches on designated topics. The remaining two members were tasked with presenting an alternate view.

During the competition, the participants expressed their thoughts clearly and respected each other's differing opinions. The excitement of the competition, along with the camaraderie among competitors and the satisfaction of presenting well-reasoned arguments, kept their enthusiasm alive, motivating them to continue improving their debating skills. Ultimately, the competition was about the journey of intellectual growth and the joy of learning. The students' enthusiasm was a testament to their passion for debate and a promise of their potential to become great debaters in the future.

The first place was bagged by the HOYSALAS, second place by the RASHTRAKUTAS, and the third place by the KADAMBAS

Report by: Punarva, Shriya, Shravya and Pranathi

CHAMPIONS' CHRONICLE: A JOURNEY THROUGH SCHOOL SPORTS

Sports in school play a crucial role in the holistic development of students. They not only contribute to physical fitness but also teach students valuable life skills such as teamwork, leadership, discipline, and sportsmanship. Our school offers a variety of sports activities ranging from team sports like throwball, cricket, and volleyball to individual sports like athletics, and badminton. We also have indoor games like chess and table tennis.

Praggnanandhaa the proponent of India

Praggnanandhaa is an extraordinary chess player who has made an indelible mark in the world of chess. He is a true prodigy who achieved the title of International Master at the young age of 10. He went on to become a Grandmaster at the age of 12, becoming the second-youngest person to achieve this feat at the time. However, his most impressive moment came in February 2022 when he defeated the reigning world champion Magnus Carlsen in a rapid game at the Airthings Masters Rapid Chess, at the age of just 16. Recently, he made headlines by reaching the final of the Chess World Cup, a remarkable accomplishment that demonstrates his exceptional skills and potential in the game of chess. This achievement not only made him the youngest Indian to reach the Chess World Cup final but also marked the rise of a new generation in the world of chess. Chess is a game that requires strategy, calculation, and foresight, and Praggnanandhaa's achievements are a testament to his unparalleled talent, determination, and hard work.

Report by: Rahul

Regular sports classes are conducted where students are trained by experienced coaches. In addition to this, annual sports day events and inter-school sports competitions are organized where students get an opportunity to showcase their skills and competitive spirit.

Moreover, our school believes in the importance of a balanced lifestyle. Hence, equal emphasis is given to both academics and sports. This approach ensures that our students excel not just in their studies but also in sports, thereby contributing to their overall growth and development.

In essence, sports in our school are not just about winning or losing; it's about learning, growing, and most importantly, enjoying the process. It's about creating a healthy and active lifestyle that our students can carry forward into their adult lives.

Battle of the Boards: Taluk-Level Chess Competition

Last month, our school had the honor of hosting a Taluk-level Chess tournament. The event saw enthusiastic participation from hundreds of students across 17 diverse schools. From our school, eight students competed in the Under-17 category, with an additional boy and girl from the 8th standard joining the fray.

Our students performed exceptionally well, with **Sai Raghav from X B securing the 1st place** and **Pranav Angadi from X C clinching the 2nd place** in the Under-17 boys' category. In the Under-17 girls' category, **Chandrakalaa M.S. from IX C emerged victorious, claiming the 1st place.**

These triumphant victories have paved the way for our champions to compete in the district-level tournament. We are incredibly proud of their achievements and look forward to their continued success in the upcoming competition.
